

The camp will be run for three weeks and it is expected that an average of 40 boys will be there throughout.

### Motor to Greensburg.

A party of young men and women from Greensburg and vicinity motored to Greensburg Saturday night and at the residence of a few hours there returned to the home of Mr. and Mrs. T. Stank at Leasburg where a very delightful evening was spent at various games and dancing. Music was furnished by John L. Micher, William and Paul Simko and Miss Lydia Campbell, the latter of Johnstown. The following were present: John L. Micher, William and Paul Simko, Michaela Zavatich, Paul Saukey, George B. Micher, John Harmon, Dan Felle, John Runkel, John Salas, Mary Vana, all of Uniontown, Helen, Katherine and John Vance, Anna Dubois of St. James park near Dawson; Kathryn Micher, Anna Simko, Edna Huxley, Anna Chasick, Elmer Miller, all of Leasburg, and Lydia Campbell of Johnstown.

### Remarried Marriage License.

Amey Ucko, Constance and Anna Cassell, Desiderius Stephen Knutson, Emil Gaid, and Elizabeth Spelman, Leasburg No. 3; Bernarda Murrall, Slovák, and Vincent Caputi, Dunbar, were granted marriage licenses in Uniontown.

### Keepers-Ponty.

An announcement has been made of the marriage of Miss Elizabeth L. Keppner, daughter of Mr. and Mrs. George Keppner of Greensburg, and Raymond V. L. Ponty of Jeannette, which took place Saturday, July 31, in Pittsburgh.

**When Folks Quit Coffee because of cost to health or purse, they naturally drink INSTANT POSTUM There's a Reason**

### C. W. M. to Meet.

The regular monthly meeting of the C. W. M. of the Christian church will be held tomorrow afternoon at 2:30 o'clock at the home of Mrs. George Blackstone in Conneltsville township. Mrs. Blackstone will be assisted by Mrs. H. C. Trisano and Mrs. John Robinson. All ladies of the church are invited.

### In Kell Orchard.

The Home and Foreign Missionary societies of the Methodist Episcopal church will again on Thursday hold their annual meeting in the Kell orchard at Bonner Grove. Each member is asked to bring her lunch and leave on the 11 o'clock car. The Home society meeting will be at 1 o'clock and the Foreign society at 2:30 o'clock.

### Bible Class Outing.

The Everhart Bible class of the United Presbyterian church had an evening outing at Chalk Hill last night. Forty-five members of the class motored to that place and enjoyed sandwiches and coffee served while the group sat around a big camp fire. Several short talks were made. The Conneltsville Mullary band was taken over the mountain with the class. Lester Crawford sang several vocal solos.

### Wed in Cumberland.

George Lomas and Max Friedman both of Vanderbit took out a license to wed in Cumberland.

### Picnic at Shady Grove.

The Greenwood Parkway club and the Always Trust club held a joint picnic yesterday afternoon and last evening at Shady Grove park. Over thirty ladies, including men and women, guests attended and spent a very pleasant hour at the picnic. A feature of the outing was an elaborate picnic supper the table being laden with the most good things of the season. The next picnic of the club will be held Friday afternoon September 2 at the home of Mrs. W. J. Reed at Vanderbit.

### Railroaders to Picnic.

Arrangements are being made for a large picnic of a persons of the Pennsylvania Railroad company. The picnic will be held at the Sunnyside hotel. The various committees are preparing an attractive program for the occasion.

### W. O. C. Class Meets.

Misses Myrtle and Mary Lou Doughenour entertained the W. O. C. class of the Lutheran church Sunday school last evening at their home on Edwards. About thirty-two persons were present. Business of a routine nature was transacted after which a social hour was held. Refreshments were served. Mrs. Charles McJoogan of Mount Pleasant was an out-of-town guest. O. C. Eicher, the class teacher, will entertain the class at the September meeting.

### Birthday Party.

Francis Hicks, little son of Mr. and Mrs. Frank Hicks will entertain a number of his friends at a party Saturday evening at the Hicks summer home at Killbuck park, in honor of his 10th birthday. The hours are from 7 to 9 o'clock.

### Licensed to Wed.

G. H. Lowe of Hopwood and Sam J. Pordyce of Uniontown were licensed to wed at Greensburg.

### TIRED AND WORN-OUT

Dr. Pierce's Favorite Prescription is the best builder of the nervous system that I have ever taken.

I have ever failed to give good results. Several times in recent years I have become all run-down in health due to overwork and worry. I would get very nervous, would suffer with indigestion, could not sleep and would have a tired and worn-out feeling, and at times I was restored to health by taking the 'Favorite Prescription'. I do not know what I would have done without it. 'Favorite Prescription' has done me a world of good and I feel safe in recommending it to others who suffer. I also take Dr. Pierce's Pleasant Peppermint and find them fine as a laxative.

MRS. CAROLINE BURKLEY, 209 Prospect Ave.

Favorite Prescription is a medicine that is especially to build up women's strength and to cure women's ailments—an invigorating, restorative tonic, soothing, cooling and bracing remedy, purely vegetable, non-alcoholic, and perfectly harmless. All druggists or send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package of Favorite Prescription Tablets.

## Unmatchable Furniture Values For Every Room in the Home! Bargains Galore!

Again in this great August Sale the merchandising superiority and value-giving supremacy of the long-established Aaron institution clearly asserts itself. Now when there is a startling shortage of merchandise and most merchants are actually "begging" the manufacturers for goods—our stocks are more complete and embrace a greater variety than we have ever before shown in our entire history.

And it's through this merchandising policy and foresightedness that you always save money at Aaron's. During the last Furniture Market—when most merchants "sat still" waiting for prices to come down—we realized that prices then were lower than they would be now and bought heavily. As a result—during this August Sale you can supply many of your needs at less than present market prices.

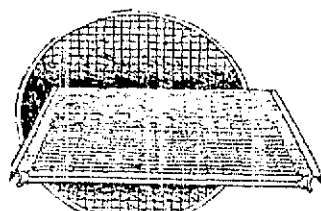

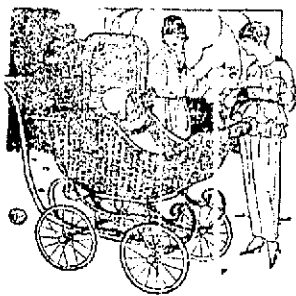

Simmons Brass Beds—August Sale Price **\$29.75**

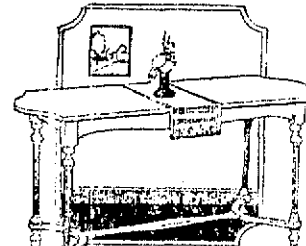

**During This Sale All  
Baby Carriages Are  
Reduced 20%**

That makes this an ideal opportunity to get Baby a new Carriage.

## SEVEN DIRECTORS NAMED FOR MILL TOWN CHAMBER

Board Will be Limited to  
That Number, Under-  
standing is.

### ANOTHER MEETING ON TUESDAY

At Which These Industrial Matters  
Will Be Considered; Engagement of  
Miss Mary Louise Cox to Charles  
Wilson Announced; Other News.

Special to The Courier.

SCOTTSBURGH, Aug. 4.—At a meeting of the chamber of commerce last evening at the borough building directors of the organization were named as follows: R. E. Tidwell, Wilfred McKee, Claude Murphy, W. E. Forst, J. M. Wood, Charles A. Miller and C. D. Plagge. They succeed C. L. Miller, Percy H. Boyd, Lee Goldenson, C. H. Loucks, P. T. Laws, Cleveland Sharow and John R. Byrne. It is the intention, it is understood, to reduce the directors to the seven elected at the meeting last night, a board of 15 being considered impractical due to difficulty in securing a quorum.

Owing to the time consumed in the election and discussion of the work of the chamber by the retiring president, C. L. Miller, industrial matters, including the proposed location here of a creamery, were deferred until next Tuesday, August 10, at which time a special meeting will be held at the borough building.

Engagement Announced.  
Mrs. William Cox entertained at a fancywork party in honor of her daughter, Mary Louise, whose engagement to Charles Wilson of this place was announced. Decorations were pink and white baskets filled with old-fashioned flowers and the luncheon was carried out in pink and white, with small pink and white baskets as favors. The engagement will terminate in an August wedding.

On account of the shortage of materials, due to shipping conditions, only mills 1, 2, 3 and 4 are working this week at the plant of the American Sheet & Tin Plate company.

Some Garment Sale.  
No longer a question of price. Every summer garment must be sold regardless of cost or profit. Tomorrow we offer 2,000 high grade summer dresses, coats and suits at prices that make this the biggest bargain event of the season.

Read about the suits and coats. In this sale we offer every fine silk suit and every light colored and dark suit as well as a few navy blue suits and sport and dress models, as well as fine silk and cloth wraps.

Here are the dresses: Dresses for every occasion in silk, tulle, crepe, satin, georgette, flowered voiles, etc.—the most wonderful dress values that you have bought in many seasons at the prices. Bendiner's Ladies' Store, as you get off the car, Scottsdale.—Adv.

Personal News.  
Mrs. James M. McKinley of Beaver Falls is spending a week here visiting friends.

Mrs. William Bendiner and sons, Lawrence, Milton and Marvin, are touring Atlantic City, Washington, Philadelphia and New York.

Rev. and Mrs. N. L. Brown have gone to Butler to spend their vacation.

### Dickerson Run.

Misses Louise Brocken and Ada Shelby were shopping in Connellsville Saturday evening.

Misses Isabelle and Maude Lint have returned to their home at Lookout for mother, spending a week visiting their uncle and aunt, Mr. and Mrs. William Bowman, Confluence.

Tony Caras of Mounton spent Sunday visiting his parents at Vanderbilt.

D. J. Newell and daughter of Bannockburn spent Sunday visiting the former's parents, Mr. and Mrs. William Newell at Vanderbilt.

Carl Boyd returned to his work at Brownsville last evening after spending the day here visiting his mother.

Mr. and Mrs. Edward Rolland have returned to their Dawson home after spending a 10-day vacation at Atlantic City.

### ALBANIA FIRST IN FIELD

"Belly Lunch" Well Known in That Country Long Before It Was Introduced Here.

Long before the dairy lunch or the cafeteria, these well-known American institutions into which the American business man dashes wildly at noon hour and helps himself from a tempting array of eats, burst upon the great republic, Albania had them.

The "pick 'em yourself" places may have been a novelty in the United States ten or fifteen years ago, but even then they were an old institution in Albania.

The carefully scrubbed marble top of the American dairy lunch, resting on a large table of marble front and sides, is replaced in the Albanian one by a dainty place of rock about six feet long, three feet wide and four feet deep, resting on a bulky bit of timber, which, in turn, is supported by wooden legs just as bulky.

The whole is as rugged as the mountains from which it all came. In the stone, somewhere back in the past, circular excavations were produced at regular intervals. In the bottom of these a hot charcoal fire smoldered, over which slowly cook the chicken, the turkey, the potatoes or the rice, at one end of the rock are the knives, forks and plates.

### A Sure Cure

For your wants is the use of our "Belly Lunch". Try it.

## PRIORITY ORDER ON COAL TO NEW ENGLAND EFFECTIVE ON MONDAY

Applies Particularly to Tidewater  
Shipping Fields, But in Part to  
the Connellsville Region.

Service Order No. 11 of the Interstate Commerce Commission, giving priority in the shipment of coal to Atlantic ports for transshipment by water to New England, became effective Monday. While the order is intended to increase coastwise shipments from Hampton Roads, and will of course affect fields shipping to that port, it also applies to certain Pennsylvania districts, including fields served by the Pennsylvania, Baltimore & Ohio, Pittsburgh & Lake Erie and the Western Maryland railroads.

The order specifies that for transshipment from New York the Pennsylvania east of Pittsburgh shall give preference and priority in car supply for 125,000 tons per month; the Monongahela railroad, 5,000 tons; the Baltimore & Ohio, on the east of the Connellsville and Pittsburgh divisions, 34,000 tons; the New York Central, 20,000 tons; Western Maryland, 15,000 tons.

For transshipment from Philadelphia the Pennsylvania east of Pittsburgh is to provide cars for 50,000 tons; Baltimore & Ohio, 10,000 tons on and east of the Connellsville and Pittsburgh divisions; New York Central, 5,000 tons; Western Maryland, 5,000 tons.

For the Baltimore piers only the Baltimore & Ohio and the Western Maryland roads are to give priorities. The former for 150,000 tons, on and east of the Connellsville and Pittsburgh divisions and 50,000 tons off the Cumberland & Pennsylvania; the Western Maryland, 40,000 tons from the fields served by it.

This tonnage must be consigned to the tidewater pools at the ports specified for transshipment. It is to have priority, both as regards rail movement and the use of pier facilities, over all other soft coal except that consigned to railroads, public utilities and public institutions, or for use by any branch of the government. It will also have priority as regards car supply, which means that the assigned car system is to be extended to New England business.

Operators with New England orders or contracts will have preference over other operators in the distribution of cars, except in the case of mines having priority rights under Service Order No. 2 and 10. Order No. 9 extends the assigned car privilege to public utilities, and Order No. 10 relates to Lake shipments.

## MEDICAL INSPECTORS IN SOMERSET SCHOOLS NAMED BY DR. MARTIN

Dr. C. W. Frank Given Appointment  
For Confluence and Traina  
Territory.

Announcement has been made at Harrisburg of the appointment by Dr. Edward Martin, state health commissioner, of the following medical inspectors for Somerset county:

Casselman, New Centerville and Rockwood and Black township, Dr. C. T. Saylor, Rockwood; Confluence and Ursina, Dr. C. W. Frank, Confluence; Addison, Dr. D. W. Briscoe, Addison; Meyersdale, Dr. C. P. Lore, Meyersdale; Summit township, Dr. Bruce Lichty, Meyersdale; Sellersburg and Ellick township, Dr. A. M. Lichty, Ellick; Somerset and Addison, Lower Turkeyfoot and Upper Turkeyfoot townships, Dr. H. P. Myers, Confluence; Middle Creek and Mifflord townships, Dr. George F. Speicher, Rockwood.

### COLOR LINE IN DRESS

Costumes Should Not Clash With Hair  
and Complexion, Says Authority.

Blondes, brunettes, and auburn-haired women were told what to wear in a speech delivered recently to the students of the training school for teachers of retail selling of New York University.

After reviewing the history of costume, and costume as an art and a means of self-expression, the speaker gave an analysis of correct costume in which, in the matter of color, she related to dress, she drew the color line, making these points clear:

Blondes should wear pale yellow, light blues and greys.  
Brunettes should wear the brilliant colors of the inhabitants of the jungle, like deep yellows, purples, reds and browns.  
Auburn girls should make their hair the keynote of their costume and should not let any striking colors clash with it. They should wear dark browns, light tans and yellows.

### Mill Run.

MILL RUN, Aug. 4.—The Mill Run baseball team defeated Indian Head Friday evening, 4-3, at Indian Head. The Indian Head team had not been defeated for some time past and claiming the championship of the Indian Creek valley, which title is now transferred to Mill Run. The batteries were Newell and Bigan, for Mill Run, and Adams and Brooks, for Indian Head.

John B. Arzbacher was transacting business in Connellsville Saturday.

Mrs. Mae Baldwin was a Connellsville shopper last Thursday. The school board of Stewart township met at Obiopolis last Saturday and hired what applicants were on hand. The following schools are still vacant: Maple Summit, Rock Spring, Sugar Loaf, Middle Ridge, Kentucky and Green Brier. The salaries range from \$65 up. Ben Harris of Obiopolis is secretary.

### Parsons Goes Notoring.

PHILADELPHIA, Aug. 4.—Senator Parsons left his home Tuesday for a short ride for the first time in over two months. He appeared to be well and happy, though somewhat reduced in weight.

## SPECIAL TRAIN FOR BACK CREEK REUNION SATURDAY

Will Connect With Baltimore & Ohio  
Morning Train at Indian Creek  
Station.

There will be a special train up the Indian Creek Valley Saturday for those wishing to attend the Back Creek school reunion at the Back Creek school building, according to announcement today by L. G. Chorn, chairman of Uniontown, who is active in behalf of the reunion. It will connect at Indian Creek with the Baltimore & Ohio train leaving Connellsville at 8:45.

"Everybody is expected," the announcement of the outing reads. "The invitation is extended to all. Come with your baskets well filled and with a smile on your face. Come and get acquainted with your old school mates."

Amusements of all kinds will be provided, including baseball and races. There will be music, speaking and an old-time spelling bee.

### At the Theatres

#### THE BOSSON.

"OUT OF THE STORM." A powerful drama in which the leading part is played by Barbra Castleman, is today's feature of the action. There are some fine incidents and climaxes in the picture. A shipwreck is unusually realistic, and the aid delivery both exciting and gripping. There is plenty of emotional appeal and a love story that will keep the audience on the edge to see how it is going to turn out. John Bowers is leading man, Mrs. Castleman is seen in the role of Margaret Hill, a singer, who is poverty stricken and thinks of suicide. Five years later she is a reigning opera queen in London. In a shipwreck she is rescued by John Ordham, younger son of the noble English family of Fildemaster. They become separated and go their ways, neither knowing the other has been finally saved. They are brought together again and later marry. A selected comedy is also being shown.

#### THE PARAMOUNT.

"IT HAPPENED IN PARIS." An interesting production, with Sarah Bernhardt in the leading role, and a selected comedy are being presented today. Friday and Saturday. Edith Lyons and Lee Moran will be seen in a farce-comedy, "La La Lucille." The popular players appear in the roles of two divorced bridegrooms one of whom is seeking grounds for a divorce and gets enough for seven. They are supported by Ann Cornwall, Gladys Walton and other well known screen stars. The production is full of speed, action and funny complications making altogether one of the best farical concoctions yet shown on the screen.

#### Perryopolis

PERRYOPOLIS, Aug. 3.—Mr. and Mrs. J. B. Baer and baby, Clarence, Mrs. J. B. Baer and baby, H. D., motored to Blairsville, Sunday.

Mr. and Mrs. John Carson and family, Mr. and Mrs. J. L. Carson and family and Mrs. Emma Carson were calling on friend, at Vanderhill Sunday.

John L. Kreppel of Wick Haven is a business caller in town today.

C. T. Davidson and son, John, C. F. Chaffin and Chas. Chaffin motored to Harrisburg, O. Saturday.

J. B. Knox of Star Junction was transacting business in town yesterday.

PERRYOPOLIS, Aug. 4.—Misses Stella Bryson and Beatrice Baker, who are attending school at California, spent the week-end at their homes here.

William Armstrong and Chas. Chaffin were transacting business at Pittsburgh Monday.

John Riffe of Uniontown spent Sunday with relatives in town.

Miss Roxanne Spey of West Newton is spending a few days with relatives in town.

Herman T. Duff of West Newton spent Sunday at his home here.

Park Denny of Bella Vernon spent the week-end with relatives in town. Olga and Vail Martin have returned home from a week's visit with relatives at Belle Vernon.

Allen Downs of East Liberty is a business caller in town.

#### Confluence.

CONFLUENCE, Aug. 3.—V. W. Humbert was a Connellsville caller over Sunday.

C. E. Black and family left yesterday by automobile for Leechburg where they will spend a two weeks' vacation.

Walter Tressler of Rockwood was calling on relatives here Sunday.

Mr. and Mrs. William Buraworth and daughters, Ruth and Louise, spent Sunday with Rev. and Mrs. N. L. Brown at Scottsdale.

Misses Etta and Ruth McClintock have returned from a visit with friends at Akron, O.

Mrs. John De visited Mr. and Mrs. Charles McDonald at Obiopolis over Sunday.

Dewey Farmer of Uniontown is visiting relatives here.

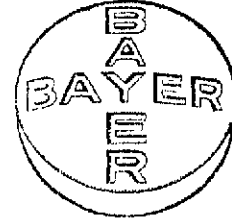

Floyd Leydig of Pittsburgh arrived here Sunday to spend his vacation with his mother, Mrs. Leydig.

William Sloan of Connellsville, formerly of this place was a visitor with friends here Sunday.

Clarence B. H. Promoted.  
Clarence Hill has been appointed general division accountant of the Western Pennsylvania division of the Pennsylvania system, with headquarters at Pittsburgh. He was formerly chief of accountants for the same division.

## "ASPIRIN"

WARNING! The name "Bayer" is the thumb-print which identifies genuine Aspirin prescribed by physicians for 20 years and proved safe by millions.

## URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading  
Druggist of Covington, Ky., Who Has Made  
Special Study of Catarrh.

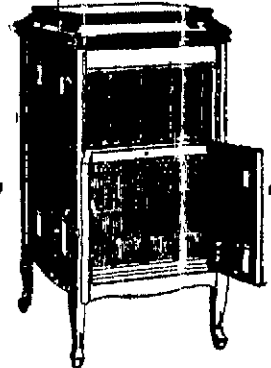

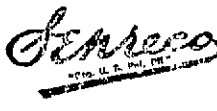

### Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this local ailment, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arctic mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished. It's really no joke for people

is the dentrifice that contains the properties recommended as ideal by United States Army Dental Surgeons

## STATE WILL FURNISH FREE SHADE TREES FOR PLANTING IN CONNELLSVILLE STREETS

City Authorities Urged By Forester Pinchot to Take Up Offer.

### EXPERT ADVICE IS GIVEN

Proposal Made That Municipal Shade Tree Commission be Named and That Beautification of Thoroughfares be Made Systematic.

HARRISBURG, Aug. 3.—Free shade trees for planting along the streets have been offered to every municipality in the state by Gifford Pinchot, the state's chief forester. He urged the city authorities to accept the assistance of experts of the Pennsylvania Department of Forestry in the selection of new trees and in the care of the trees they now have. Forester Pinchot also advocated the organization of shade tree commissions. His letter to clerks of councils all over the state follows:

"The Pennsylvania Department of Forestry is anxious to help you make your town an even more pleasant place in which to live. The value of systematic planting and proper care of shade trees along streets to this end is very great. To get the best results from your tree responsibility for this work should be definitely fixed.

"A live shade tree commission has greatly benefited many cities and boroughs. If you have not already done so provisions of the Act of May 31, 1907, P. L. 348 might well be accepted by your council and such a commission might be named.

"The Department of Forestry will be glad to co-operate with the shade tree commission of your borough by recommending the proper species, time, and places for planting, correct methods for pruning, treatment for fungi and insect attacks, etc., as well as furnish trees, free of charge, for municipal and educational planting."

### Smithfield.

SMITHFIELD, Aug. 3.—One of the severest electrical storms of the season visited this section Saturday evening. The barn of Joseph Nizcar Dale, in Springhill township, was struck by a bolt of lightning and the building burned to the ground with all its contents, including one horse and all his farming implements. The loss is approximately \$1,500, none of it being covered by insurance. Mr. Dale just recently purchased the place from John Conn of Smithfield. He was formerly employed in the mines.

Allen Eolen, who has been suffering since February with stomach trouble, is in a serious condition. Mr.

Bolen is a veteran of the Civil War, having served with Company K, 14th West Virginia Volunteer Infantry, from August 20, 1862, to May 30, 1865. The weather of last Saturday was most unfavorable for picnics in this locality. Both the Sunday school outing at Weaver's grove and the Grange gathering at the W. J. Breckinridge farm had to adjourn early in the evening. The people are hoping for more favorable conditions for the Sheets Hill picnic on Saturday, August 7.

Mr. and Mrs. Hugh Rankin of Mingo Junction arrived here Sunday, and are the guests of relatives. Collins Hicks of Canton, O., is visiting his parents, Mr. and Mrs. W. B. Hicks.

Rev. R. F. Austin of the Baptist church delivered an acceptable sermon at the union services held in the Methodist Episcopal church Sunday evening.

The infant son of Mr. and Mrs. Leslie Murphy died at the family home on Church street Sunday night.

Mr. and Mrs. Ray Nixon of Fairchance visited Mr. and Mrs. G. A. Wheaton, Mrs. Nixon's parents, Sunday.

Mr. and Mrs. J. W. Abraham of Uniontown spent Sunday with relatives in the borough.

Mr. and Mrs. Arthur Pringle of Fairchance visited relatives in the borough over Sunday.

Mr. and Mrs. Lee Crow, daughter Theima, and son Cameron of Maple farm, Nicholson township, called on friends in the borough Sunday evening.

### Obiopyle.

OBIOPYLE, Aug. 4.—Mr. and Mrs. A. E. Glatfely and son, Edward, of Connelville, spent Sunday here the guests of friends.

Mrs. Holmes and two daughters of Pittsburgh are visiting Mr. and Mrs. E. Hamilton here.

Mrs. Charles Glatfely and son, Glenn, who have been visiting in Uniontown, returned home last evening. A copperhead snake was killed in the yard of T. W. Fleming Sunday and on Friday of last week a black snake was killed.

Mrs. Ada Bryner returned last evening to her work at Dickerson Run.

Mrs. Ada Smith of Smithton is spending two weeks here.

P. Pepe spent Monday in Connelville on business.

Mrs. Helen Holiday left last evening for Dickerson Run.

Miss Daisy McClain has returned home after a visit in Connelville.

Mrs. Charles Glatfely and son, Glenn, and sister, Evelyn Linderman, spent the week-end with Uniontown friends.

Mr. and Mrs. Ben Harris are spending a few days with Mr. and Mrs. Beggar at McKeesport.

## Mr. Carl Schwartz Tells How Cuticura Healed Pimples

"I suffered from blackheads and small pimples. They got worse so I began to squeeze them, this irritating my skin which caused many a sleepless night. The pimples were large and generally came on my face. They made me scratch as they would itch and burn, and my face was badly disfigured. This trouble lasted over a year. Then I used Cuticura Soap and Ointment and it took about five boxes of Cuticura Soap and two boxes of Cuticura Ointment to heal me." (Signed) Carl P. Schwartz, 420 Shearer St., North Wales, Pa., June 20, 1919.

**Cuticura Toilet Tric** Consisting of Cuticura Soap, Ointment and Talcum, promotes and maintains skin purity and health. Don't wait to have your complexion disfigured by pimples and blackheads, redness and roughness. Prevent it by making this remarkable skin-clearing complexion soap your every-day toilet soap, assisted by touches of Cuticura Ointment, now and then as needed, to the first signs of little skin and scalp troubles. In purity, fragrance and delicate medicinal Cuticura Soap is unsurpassed.

Each Box Free. Write for Illustrated Booklet, Dept. 2, Medicine, Sold every where. See also Cuticura Soap above without soap.

The Camp Fire Girls of Smithton arrived here Sunday and will spend their vacation at the Raintier.

Miss Daisy McClain has returned home from a visit at Scottsdale.

John Irwin of Pittsburgh spent Saturday evening and Sunday here.

Miss Penrie Hamilton returned home Sunday after a month's visit with her grandmother, Mrs. Mary Hamilton, at Pittsburgh.

Mrs. T. W. Fleming and daughter, Pauline, spent Saturday evening and Sunday at Alverton.

Mrs. Mary Lambie and granddaughter, Miss Beale Shaw, of Connelville are visiting here for a few days.

Miss Naomi Welch of Weillsburg, W. Va., is the guest of Mr. and Mrs. L. R. Welch.

Mr. and Mrs. Arthur Glatfely and son spent Sunday at the latter's home here.

Mrs. E. Conrad of Farmington is the guest of relatives here.

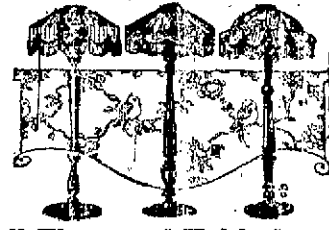

Logan Rush spent Sunday at the Obiopyle house.

### Winter Furs in the August Sale Offer Savings of **25% And More**

NEVER have furs been so necessary to the well-dressed woman's costume as they will be this year and never have we had such rich looking pelts made so attractively.

Those who know the comfort of furs will never do without them—and as for their becomingness, it is always self-evident.

On sale during the month will be beautiful fur coats and separate furs in neckpieces and muffs made of beaver, squirrel, mink, fisher, fox, lynx and Hudson Seal, all offered until August 31 at savings of 25% and more on their normal prices. And Wright-Metzler Company guarantees these prices will not be duplicated again this year.

#### In addition—

Gold Bond Stamps will be given on all fur purchases paid for in full on or before DECEMBER 10. A deposit of 25% will be required on furs held until November 1.

## CENSUS SHOWS HEAVY TRAFFIC ON STATE ROADS

Heaviest in State Found Between Coatesville and Downingtown.

## LESS IN WESTERN PART

Over 2,000 Cars Pass Over Lincoln Highway Between Allegheny County Line and Greensburg on July 25, With More Than 1,000 Day After.

Special to The Courier.

HARRISBURG, Aug. 4.—A traffic census taken on sections of the Lincoln highway and the William Penn highway, Sunday and Monday, July 25 and 26, was a revelation to the State Highway Department. At 19 points on the Lincoln highway on the two days mentioned 32,531 vehicles of all kinds were counted; and on three sections of the William Penn highway the number of vehicles on those two days totaled 8,077.

The heaviest traffic was found on the Chester county section of the Lincoln highway between Coatesville and Downingtown. On Sunday, July 25, 3,377 passenger cars were counted on this stretch, while the number of trucks was 52. On the following day, Monday, the number of passenger cars fell to 2,307, while the truck total jumped to 1,013. On Sunday 125 motorcycles passed over this road, but on Monday the number had decreased to 43. There were 33 teams on Sunday and 74 teams on Monday. The total number of vehicles counted on the Coatesville-Downingtown road on Sunday and Monday was 7,544.

William Penn highway traffic was counted between Bethlehem and Easton, between Lewisburg and Middletown, and between Lebanon and Reading. The heaviest traffic was on the section in Northampton county between Bethlehem and Easton. On Sunday, July 25, the passenger cars using the roadway totaled 3,243 and the trucks totaled 75. On the following

day 1,002 passenger cars were counted, and the number of trucks totaled 270. There were 150 motorcycles on Sunday and 60 on Monday; eight teams on Sunday and 25 on Monday. The total number of vehicles for the two days was 4,842.

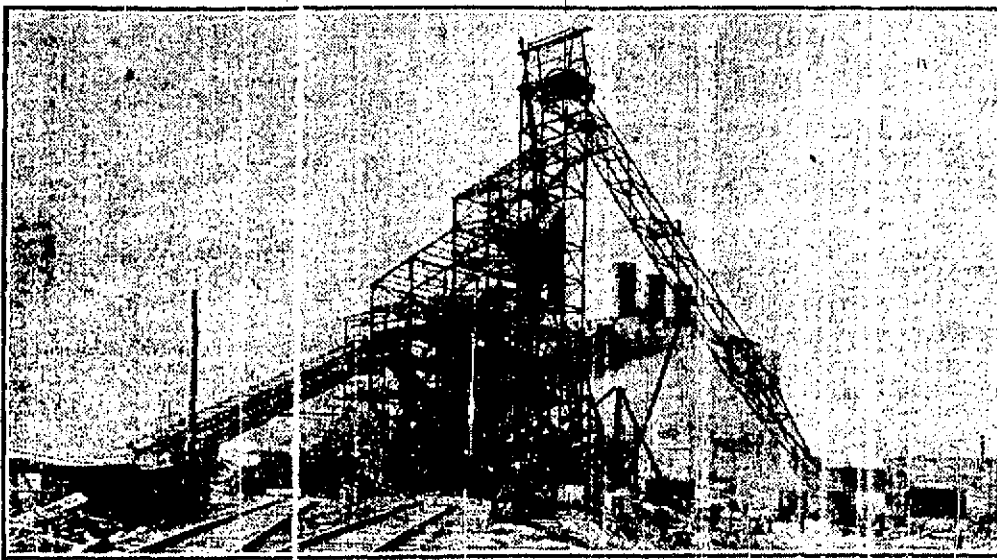

Traffic on the western Pennsylvania sections of the Lincoln highway was not so heavy as on eastern sections. On Sunday between the Allegheny county line and Greensburg 2,147 passenger cars and 37 trucks were counted; and on Monday the number was 920 passenger cars and 188 trucks. On Sunday only one team was counted and on Monday only five. From Greensburg east to the Westmoreland county line 2,027 passenger cars, 32 trucks, 145 motorcycles and 22 teams were counted on Sunday; and on Monday there were counted 644 passenger cars, 103 trucks, 33 motorcycles and 20 teams—a total of 3,030 for the two days.

The census showed the least travel to be covering that section of the Lincoln highway between the town of Bedford and the Fulton county line. On Sunday, July 25, there were counted 690 passenger cars, 51 trucks, 28 motorcycles and 17 teams; and on Monday the vehicles were 385 passenger cars, 101 trucks, 11 motorcycles and 47 teams—a total of 1,230 for the two days. Between the town of Bedford and the Somerset county line on Sunday the count showed 845 passenger cars, 29 trucks, 41 motorcycles and six teams. On Monday there were 475 passenger cars, 19 trucks, 13 motorcycles and seven teams—a total of 1,435 for the two days.

Oppose British Roads' Reorganization  
WASHINGTON, Aug. 4.—Proposals of the British government for reorganization of the management of railroads in England have met with strong opposition on the ground that the plan is impracticable, according to a report of the American Chamber of Commerce, received today at the Department of Commerce.

Mail Plane Falls.  
OMAHA, Neb., Aug. 4.—Plane No. 3 of the mail trail blazing squad from New York to San Francisco crashed into a house while trying to make a get-away from Ak-Sar-Ben field here Tuesday and fell to the ground. Aside from a shaking up the occupants of the plane escaped injury. The plane was wrecked.

## Giant Coal-Handling System At West Penn's New Springdale Plant

Apparatus for elevating, screening, picking, crushing, weighing and conveying 500 tons of coal an hour is now in operation at the West Penn Power Company's \$6,000,000 central station at Springdale, on the Allegheny river, above Pittsburgh. It is claimed to be the largest of any central station electrical plant in the United States.

A coal handling system said to be the largest at any central station in the United States is now in operation at the West Penn Power company's new \$6,000,000 electric power plant at Springdale, Pa. Operating at capacity, it will elevate, screen, pick, crush, weigh and convey to the bunkers of the boiler room, 500 tons of coal an hour.

The system, exclusive of the foundations, cost approximately \$2,500,000 or about four per cent of the cost of the entire plant.

Coal mined at the company's mine across the Allegheny at Logan's Ferry is to be brought to the tipple through a tunnel in the coal 100 feet under the stream. Rotary dumps will drop each car into a separate pocket at the foot of the shaft. A tangle of skip hoist then elevates it to the tipple where it is screened, the lumps passing over a picking table. After the impurities have been picked out, the lumps and the slack, which have

been carried on a lower conveyor, are tumbled in a weigh basket and weighed. Up to this point, though slack and lumps have been separated, each car, as mined and loaded across the river, is carried along as a separate unit. Now the lumps fall into a hopper and are fed to the crushers, of which there are two, each with a capacity of 250 tons an hour. Either crusher can handle the entire contents of tipple as it now stands. Only one unit of the picking table is now installed.

Slack coal is dropped to a 12 inch belt conveyor inclined at 20 degrees and runs up to the top of the boiler room, 300 feet away. The crushed coal is dropped on top of the slack, which forms a cushion for the larger particles, and the life of the belt is thus lengthened. The coal covers the belt to an average thickness of four inches and is carried upward at the rate of 500 feet a minute.

Before it leaves the tipple, the coal is again weighed. Reaching the top,

the coal is distributed to three bunkers. From these it is fed to the stokers, there being two of these for each boiler, one on each side. The monster bunkers have a total capacity of 5,000 tons, or a five-day supply for all the boilers. In case of a breakdown, by calling upon the Connellsville and Windsor, W. Va., plants to carry a larger proportion of the load, there would be enough coal in the bunkers to supply the boilers for 10 days.

At the top end of the main belt which conveys the coal to the top of the boiler room are five separate belts which distribute it to the three bunkers. Coal received by rail is dumped into a double-track hopper, 30 by 40 feet at the top, and from there carried by means of a pan conveyor to a point above the crushers, and there separated into slack and lumps. It is expected to place in storage in a large vacant space between the river and tipple an immense quantity of coal.

## HIGHWAY SUPERINTENDENT

Frank C. Rush Named by State Department For Fayette County.

Frank C. Rush has been appointed superintendent of highways in Fayette county by Highway Commissioner Lewis L. Safford. The well known Farmington resident assumes his new position today. He succeeds Paul A. Paulson who has been in charge of the highway work for the state for the past year. Mr. Rush will continue the highway department offices in the Second National bank building, Uniontown, where they are now located.

Mr. Rush is particularly well adapted for his new position because of his familiarity with the National Pike and the network of roads comprising the Sprout system in the county.

## FARMERS MAKE

GARDEN AWARDS

AT CONTINENTAL

Valuation of \$2,576 Placed on Products of Workmen's Plots; Task Difficult One.

The annual inspection of gardens and lawns at the Continental No. 3 plant of the H. C. Pickle Coke company was held Thursday, July 29, and awards made as follows:

First prize for best garden was captured by Stephen Slawka, truckman helper; second prize, John Polander, minor; third prize, Dan Slick, minor.

Flower garden awards were: First, Mrs. John Bailey; second, Mrs. John Goulet; third, Mrs. James Gelfen.

Special mention was made by the judges of the gardens of P. J. McCabe and John Herick.

The judges were D. A. Hlydon, A. D. Newcomer and William G. Hosteler, who are veteran farmers. They had a hard time deciding who were entitled to the prizes and put in a good part of the day tramping around to and fro. They report the town in good shape and in a sanitary condition, with no sickness of any kind. Besides the garden plots at the houses cultivated, quite a few plots were laid out by the company and fenced which have been planted by the employees. Average valuation of the gardens was placed at \$33.41 or a total of \$2,876.

## 'FRAUD PROOF' WILL IS FILED IN IOWA COURT

Instrument Is in Form of Talking Machine Record and Is "Witnessed."

## READY FOR RIGID TEST

Maker Instructs Counsel That In Event of Death and Contest Case Is to Be Carried to Highest Tribunal; First of Kind Known in Country.

DES MOINES, Ia., Aug. 4.—What he believes to be a "fraud proof" will has been made and filed in the office of the clerk of Polk county, Iowa, by Theodore Mantz, a Des Moines lawyer. Mr. Mantz dictated his will into a talking machine and had it recorded in wax.

At the end of the dictation, C. H. Miller, a lawyer, and H. W. Brandt, a court reporter, testified into the machine they were witnesses to the "making" of the will, and spelled their names out in full at the witness. The record then was put on a machine and reproduced the voices. Being pronounced correct by Mr. Mantz he took it to the clerk's office, had the box containing it sealed in wax and filed.

Mr. Mantz has instructed Alfred Mantz to take the case to the highest court of the country if the validity of the will should be questioned.

The will on a record is believed by its maker to be the first of its kind in the country. Lawyers say a possible objection to wills on talking machine records is an Iowa statute which says conveyances of property worth more than \$200 must be in writing. Mantz says he will go before the next session of the Iowa legislature and endeavor to get a bill through which will legalize spoken wills when recorded as here.

Mantz says he believes the future will see greater use of talking machines and records, and in his opinion it would be much more difficult to "tamper with" a spoken will than a written one.

# BROWNELL'S AUGUST CLEARANCE SALE

## Of Pumps and Oxfords

### YOUR LAST CHANCE OF THE SEASON

#### NOT FOR ONLY TWO DAYS

But for 15 Days, beginning Thursday, August 5th, and ending Saturday evening August 21st, we will place on sale for a final Clean-up every pair of Low Cuts in stock. These comprise our best lines in all runs for Men, Women and Children. A rare opportunity to supply your needs. Take advantage of this final cut. The Big Steam Roller purpose of this sale will flatten prices and roll out some of the biggest values of the entire season. It is the Final Let Go and the next 15 days marks the time limit. Make merry while you may.

## WAR PRICES WILL SEEM LIKE A DREAM

We have listed a few of our big values below. Read them over carefully. Come in and look them over—you will have to see them to appreciate the wonderful savings.

### WOMEN'S OXFORDS AND PUMPS

## WHY WOMEN WILL BE WITH G. O. P.

Member of Minnesota Speakers' Bureau Points Out Party's Record.

### APPEALS TO ALL SECTIONS

Republicans Mainly Instrumental in Giving the Ballot to Women—Have Had Interests of Women and Children at Heart.

Miss Amy Lomstrom of the Hennepin county (Minn.) speakers' bureau, tells why she is a Republican.

"I choose this party because of its broad principles, which enable it to embrace the interests of all the people, not only of a small section or class."

"The Republican party has been really instrumental in giving the ballot to women, while suffrage was secured to us not because of but in spite of the Democratic party."

"The Republican party has always stood in the front rank of welfare legislation. It has numerous laws in favor of labor to its credit. It has always had the interests of women and children at heart, and it was a Republican congress that passed the bill incorporating the Red Cross."

"To the matter of child labor, the hand-maiden of illiteracy, I find that there are 50 times as many young children employed in industry in the Democratic states as are employed in the Republican ones. The percentage of illiteracy according to the United States census of 1910 ranged from 20 per cent in Democratic Louisiana to 17 per cent in Republican Iowa, with neither denying the statement that the high per cent of illiteracy in the South is brought about by the ignorant colored vote."

"Only seven of the Democratic states have a compulsory education law, and in some of these the entire session is so short and the exemptions so absurd as to make the law a mere pretense."

"Only six Democratic states have a mother's pension law."

"Only three Democratic states in the nation grant to mothers equal guardianship with fathers over their children."

"The Republican party has the ablest leadership and the most constructive program. It has always been the party of a strong vigorous Union. It has ever put the United States before the individual states."

"What other party can we women look to with as much confidence if the past is to be the judge of the future?"

**United States a Free Agent**  
The United States government has an undisputed moral and legal right to turn its back upon the Versailles treaty and to make treaties of its own for the purpose of restoring peace and amity with nations lately enemies. The American signatures to the Versailles treaty are not binding upon the American people or the United States government. No citizen should permit himself to be deluded on this point. But he can readily agree that if the Versailles treaty can be so hedged about by reservations as to keep America safe it can be approved, notwithstanding the unauthorized and ill-judged action of the American delegates in assenting to thrust the United States into European politics. The United States in short, is free to accept or reject the treaty as it pleases, without discredit and without constraint.

**Splendid Work of Republicans.**  
This Republican congress has been engaged in the business of curtailing expenditures, compelling so far as possible economy and efficiency in the public service and working out the problems of restoration and constructive progress. It has performed a great and notable work, the effect of which is already apparent in government service, in spite of official indifference and interference. The beneficial effect of the congress is reflected in the condition of the treasury, in the expectations of early relief from excessive tax burdens, and in the assurance of an early return to efficient performance of governmental functions and the intelligent pursuit of wise and progressive policies under Republican control.—From a statement by House Leader Mondell.

**Inspiring Example.**  
Senator Harding set an admirable example as a presidential candidate in taking the position that no campaign contribution above \$1,000 is acceptable. This accords with the position taken by National Chairman Hays.

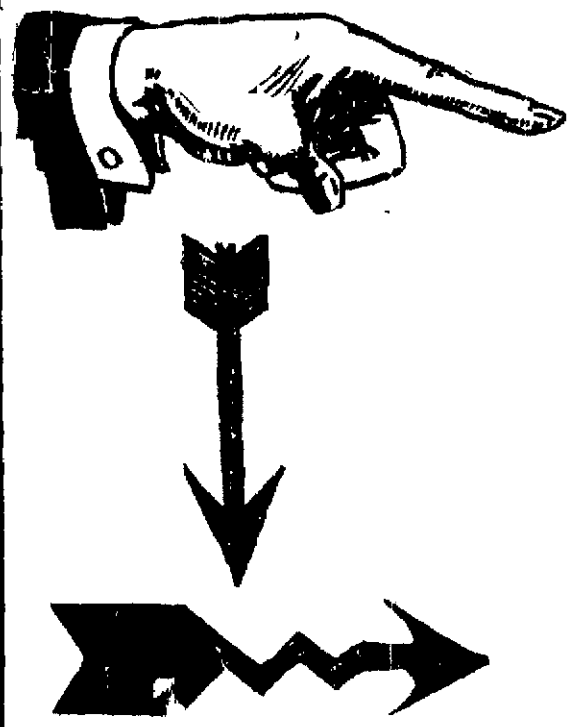

**Thank All Can Support.**  
It is no satisfaction upon any of the men when it had under consideration to say that the Republican national convention has given to the party and the country a ticket more closely approaching the ideal than would any other combination that could have been made up from the material at the convention's disposal. It is a ticket which deserves and will receive the support of every Republican—one which every independent voter ought to be glad to support.—New York Sun-Mirror.

**She Was Born Yesterday**  
She: "Last night was the first time I ever heard you talk in your sleep, and you kept saying 'Four kings' and once in a while 'Full house'."  
He: "Well you see I was down to the club last night playing checkers with a crack player and there was a full house watching us."

**A Shower**  
John:—You look dreadfully battered. What's happened?  
Mike:—We have been poling me with flowers.  
John:—Why, that wouldn't mark you up in the manner.  
Mike:—Oh, they were in the pots.

## Privileges

If not prepared to buy all your needs—pay a small deposit and we'll keep the purchase for you 30 days.

# Goldstone Bros. Offerings

## Two Days of Unusual Bargains

# 300 SUITS

Varying in Price and Coloring  
Divided in Groups

## BIGGEST OIL BURNER

For the first time in the world a Diesel engine has been built by the Bethlehem Steel Corporation. It is the largest Diesel engine ever built, and it is the most powerful Diesel engine ever built. It is the largest Diesel engine ever built, and it is the most powerful Diesel engine ever built.

Designed by an American Arthur West, built by Americans for use in an American ship this powerful oil engine is the country's first successful attempt at a Diesel engine. It has been constructed up to the exclusively European nations.

The engine will be used for carrying ore from the Bethlehem Steel Corporation's Cuban properties to its ports in this country. It is 46 feet long, 37 feet in breadth and 37 feet in depth. Its dead weight tonnage is 11,500.

Wines at Low Reserve. More at Low Reserve. produce coal for the first time since the occupation of the Germans. Many of the mines in the district are at flooded but pumping continues, and engineers expect opinion that the lower working may be exploited by the summer of 1921.

## UNION LEADER BACKS HARDING AS LABOR ALLY

Workers Approve Republican Stand, Says Longshoremen's Chief.

## RESENT RULE BY SOUTH

T. V. O'Connor, President of Dockers' Association, Issues Statement After Visit to Senator Harding; Plans for Speaking Considered.

MARION, O., Aug. 4.—Senator Harding held a conference Tuesday with T. V. O'Connor of Buffalo, president of the International Longshoremen's association, at which the labor situation was discussed generally, and the candidate was assured of the support of the labor leader. Mr. O'Connor later gave out a statement covering his views.

Prior to his conference with Mr. O'Connor, Senator Harding had conferred at length with Senator Harry S. New of Indiana, chairman of the Republican speakers' bureau on matters pertaining to the speaking campaign. A statement issued by Mr. O'Connor after the conference said in part:

"I am for Senator Harding because I believe a change of administration absolutely necessary to restore confidence in this country. I know Senator Harding is a real man from whom labor will always get a square deal without any blame of trumpets or brass bands."

## THE ILLINOIS STRIKE HALTED UPWARD TREND IN COAL PRODUCTION

Decrease During Week of July 24 Was 22,000 Tons, or Three Per Cent; Year A Far Ahead of 1919.

The upward trend of coal production which has continued since mid-April was brought to an end during the week of July 24 by the outbreak of a strike in Southern Illinois, says the United States Geological Survey. The output of soft coal, including lignite and coal made into coke, is estimated at 18,651,000 net tons, a decrease when compared with the preceding week of 22,000 tons, or three per cent. Daily loading reports show that the decrease occurred on Friday and Saturday when the strike began to be serious. On the first four days of the week, loading was proceeding at practically the same rate as during the week of July 17.

Production during the first 175 working days of the last four years has been as follows in net tons:

1917	219,422,000
1918	224,538,000
1919	218,201,000
1920	233,550,000

This year 1920 is thus nearly 17,000,000 tons behind 1917, and 33,000,000 tons behind 1918, but is 45,000,000 tons ahead of 1919.

## LAKE SHIPMENTS

Of Coal 20 Per Cent Below Weekly Rate of 1919; Total 6,000,000 Tons.

Shipments of bituminous coal at lower lake ports during the week ended July 24 were the largest of the season, but still 20 per cent below the corresponding week of 1919. The total quantity, including vessel fuel, was 6,622,600 net tons, an increase of 58,798 tons over the preceding week.

A year ago at this time the weekly rate was 895,000 tons and in 1918 it was 1,015,000 tons.

Service order No. 10, supplementing and strengthening the priority already extended to the lake movement by Order No. 5, did not go into effect until July 26. Up to that date shipments for the year had reached, in round numbers, 6,000,000 tons as against 11,000,000 in 1918, and 12,500,000 in 1919.

At the moment when Service Order No. 10 went into effect the movement for the season was thus five million tons behind 1918 and six and a half million behind 1919.

## CANADA NEEDS

To Import More Than Half of Coal Supply Used by Her People.

The annual consumption of coal in Canada has varied in recent years between 24,000,000 net tons in 1915 and 35,750,000 tons in 1918. As the domestic production has reached over 15,000,000-ton mark only once, says the United States Geological Survey, Canada is forced to rely upon imports for more than half of her supply.

Virtually all of the coal imported comes from the United States, and the great bulk of it is Pennsylvania anthracite or bituminous coal from the Northern and Middle Appalachian regions. The eastern and western extremes of the Dominion are self-supporting in the matter of fuel supply, and even export a million and a half tons to the United States, but the central provinces are almost wholly dependent on vessel shipments from American lake ports and on rail imports via Buffalo and Detroit, or by car ferry across the lower lakes.

New Perpetual Calendar, SOMERSET, Aug. 4.—After working upon his idea for the past 30 years during his spare moments, Charles W. Bennison of South Main street has just received from the press a perpetual day and moon calendar. By following instructions printed on the calendar it is possible to find the day of the week for any date, as well as the time of new and full moons for six centuries.

Women Vote in Oklahoma, OKLAHOMA CITY, Aug. 3.—Women voted for the first time in an Oklahoma state election Tuesday when a state-wide primary was held.

## GAIN OF 18,000 TONS IN BEEHIVE COKE WEEK JULY 24

Was Still Below the Rate Attained Previous to Independence Day; Country's Output 331,000 Tons.

The weekly report of the United States Geological Survey, prepared by F. C. Tryon, shows that the production of beehive coke increased by 18,000 tons during the week ended July 24, but was still slightly less than the rate attained immediately before the Fourth of July holiday. The total amount for the country is estimated on the basis of railroad shipments at 331,000 net tons, an increase of 363,000 tons in the week of July 17. Increases were reported in Alabama, West Virginia and Pennsylvania. The output in the Connellsville region, according to The Courier, rose from 173,796 to 182,145 tons.

The production by states, compared with the corresponding week of 1919, was as follows:

	1920	1919
Pennsylvania and	230,000	230,000
Ohio	25,000	18,000
West Virginia	35,000	18,000
Alabama, Tennessee and	34,000	25,000
Georgia	34,000	25,000
Virginia and Kentucky	31,000	22,000
Colorado, Oklahoma and New Mexico	8,000	8,000
Washington and Utah	5,000	4,000
U. S. Total	331,000	374,000

## COAL TO NEW ENGLAND

Shows Gain of 2,500 Cars Per Week Compared With Last Year.

The rail movement of bituminous coal to New England during the week ended July 24 was the largest of the year and one of the largest on record, according to reports furnished by the American Railroad association. Cars forwarded to New England destinations through the five Hudson gateways of Harlem river, Westport, Albany, Rotterdam and Mechanicville, numbered 7,633.

This is an increase of 2,566 cars over the corresponding week of 1919 and of 3,729 cars over the average for the first half of 1920. These figures represent the greater part, though not all of the rail shipments to New England.

## Vanderbilt.

VANDERBILT, Aug. 3.—Mrs. Frank Patterson and Mrs. Harry Addie, both of this place, were calling on friends in Dawson Monday.

Mrs. Clay Shaffer of this place was visiting at the home of her sister, Mrs. P. H. Fickson at Dawson.

## Atlantic is Full-Powered Gasoline

That extra power you get from Atlantic is not there by accident. It is something you can always expect and will always find whenever you buy Atlantic Gasoline.

For Atlantic Chemists have set a high standard of quality. Before one gallon of Atlantic can be sold to any motorist, it must measure up to this standard.

It is your guarantee of gasoline that excels. In addition to being high-powered fuel, Atlantic is exceptionally volatile. Instant response to the spark gets you away fast—your motor picks up at once.

Atlantic is thoroughly clean. Because of the scientific method of refining, it all burns. The formation of carbon is greatly reduced. Every gallon is good for extra miles of transportation—a fact that means a considerable saving on a year's fuel bills.

A gasoline that you can rely on, that is always uniform, that is always of high standard quality, that actually saves you money is a mighty good fuel to tie to. The Red Pump tells you where to tank up with.

## 60,000 ORPHANS ARE STARVING

Poland Is Suffering From Shortage of Food Supplies.

### WAR IS MAKING IT WORSE

Dr. Boris D. Bogen of Relief Committee Tells of Distress in the Country—Present Drive in Russia Is Opposed by Those Who Are of the Opinion That Reconstruction Should Come First—Urges Americans to Help.

There are 60,000 Jewish war orphans in Poland existing on pickings from the streets, constituting an orphan problem the like of which has not before been seen according to Dr. Boris D. Bogen who has just returned from Poland where he spent four months as chief of the joint distribution committee for American funds for Jewish war sufferers. Previous to his last visit to Poland he spent six months there engaged in the same work. All told he estimates the number of Polish Jews suffering as a result of the war at about 700,000.

Dr. Bogen said that the various advances of the Polish situation on the frontiers are not being met with unanimous approval. The presentation of the war is exerting such a heavy drain on the financial and human power resources of the nation, that the virtually necessary reconstruction measures at home are being overlooked.

Operations Vary  
The advance upon the south front which resulted in the capture of Kiev last before left said Dr. Bogen, "has been followed by a series of different Polish groups. The treatment of the Jewish people in the various parts of the country is a variety of conditions."

"Those who favored the advance pointed to the important of establishing the Ukraine as an independent buffer state between the Polish republic and Russia. They declared that the Jews led by the allies into the war, the mission of saving as a bulwark against bolshevism and that this must be the job through."

"Those who opposed the advance declared Poland was justified in waging only defensive war."

"Industrially Poland is now about 25 per cent normal. Her adequate transportation facilities, which in the past have been a great extent for military purposes, are now being converted to all internal commerce."

"Viewed broadly, Poland's economic, political and generally successful struggle for economic and political stability. The second must follow the first, to task is a most difficult one and there is no doubt that Poland must look to the allies for guidance and assistance in the reconstruction of the country."

Much Already Done

"The joint distribution committee has done much to relieve the suffering not only of the Jews of Poland but of the general population. We have established twelve relief districts in the country with a central office at Warsaw. These districts are organized in each of the American warehouses in each of the American cities. This makes it possible for the people to have direct contact with an American warehouse, and to have people who feel lost and helpless in the problems they have to face, this means a great deal. The contributions to local agencies and in the country amounting to \$300,000 a month go far toward relieving distress."

Dr. Bogen strongly urged Americans to purchase the food drafts sold in this country by the American relief administration and the joint distribution committee. These food drafts are delivered in all parts of the land by the joint distribution committee's motor trucks. They are especially valuable, more so than direct relief of money, because they have the effect of lowering rather than raising prices in the local markets.

### HUNT TREASURE IN SEA

Divers Search Bottom of Ocean Near Savannah

If there is any hidden treasure lying on the bottom of the ocean near Savannah, Ga., and legend says there is, United States marine divers have given up hopes of finding it.

Bel divers of the marine corps are operating off the coast of the island in an attempt to salvage boxes of metal and odds and ends of cargoes lost overboard from vessels during the last few years. This is a side line for the marines who so far have been satisfied with patrolling the land and air, and have never gone in for deep-sea diving.

Negro residents in the vicinity of Savannah have faith in an old-time myth that there is hidden treasure on or near the island supposed to have been left by Jean La Fitte the pirate, one of his crewmates was deranged. The marines say the legend won't hold water.

School Board Sent to Jail

Nine members of the Chicago school board and their attorney were found guilty of contempt of court and seven were sentenced to short jail terms while all draw fines ranging from \$25 to \$750. The case grew out of the dismissal by the board of a school superintendent.

### GAVE WIFE HER FREEDOM

English Soldier Divorced Woman Who Wanted Him Killed in Battle

The request that he get himself killed so that she could marry her lover was made by the wife of Col. Andrew Kingsmill of the English army in a letter which she wrote him during the world war.

Colonel Kingsmill failed to go in the way of a German bullet but the wife's wish in another letter was secured a divorce a few days ago.

## RUSS "SET STAGE" TO GIVE PROSPEROUS AIR

Moscow Made to Appear Busy to Deceive the English Visitors.

An attempt to make Moscow look a busy and prosperous city during the visit to that city of the English labor delegates is told by the English labor bureau whose press bureau at Luga has a special correspondent attached to the peace delegation in Moscow.

"The various institutions in Soviet Russia had for a long time been busy in making preparations for the reception of the English labor delegates in order to show them Russia in all its colors," says the correspondent.

In Petrograd where as a rule almost all the officials were ordered to take part in the reception. Theatrical representation, and grandiose banquets were organized with the participation of actresses from the Mariinski and Alexandrovski theaters. The delegates were taken to Moscow in a special train accompanied by a detachment of soldiers in bright uniforms.

In Moscow, the day before the arrival of the English delegates, all the papers published strict orders issued by the military and civil commissions setting out what everybody had to do and how to behave. On May 17 the tramway service in the city was suspended and the cars being taken to the neighborhood of the Nikolai station where they were to be taken to the delegates and to the visitors to the city.

In the station all the motor cars from Moscow were mobilized even the highest commissions having to wait.

On May 18 a parade was organized but no private citizens were allowed to be present. This was the way the parade was organized for the delegates and the military parades in order to show the English visitors as to the real state of Soviet Russia.

WOULD SEND STEEL ROCKET TO MOON

Dr. Robert H. Goddard, of the U. S. Navy, has announced that he will launch a steel rocket to the moon.

The rocket will be launched from the U. S. Navy's Goddard Laboratory, at the Naval Air Station, at Dayton, Ohio.

The rocket will be launched on August 10, 1920.

The rocket will be launched from the U. S. Navy's Goddard Laboratory, at the Naval Air Station, at Dayton, Ohio.

## IS CAPTIVE 71 DAYS IN CHINA

Tells of His Experiences With the Outlaw Gang.

### SUFFERED AWFUL HARDSHIPS

Dr. Shelton Medical Missionary, Stationed for 17 Years in China, Is Captured by Chinese Bandits and Held for Ransom—Finally Escapes and for 40 Days Underwent Most Terrible Travels—Tortured by Tumor.

Dr. A. I. Shelton, a medical missionary stationed for seventeen years at Tientsin, China, on the Chinese coast, arrived in New York recently after undergoing a most unusual journey. He was captured by Chinese bandits and held for ransom. He was finally rescued and for 40 days underwent most terrible travels. He was tortured by a tumor.

We left Tientsin in November and I was traveling with my wife and daughter to the coast. We were captured by Chinese bandits and held for ransom. We were finally rescued and for 40 days underwent most terrible travels. We were tortured by a tumor.

I was traveling with my wife and daughter to the coast. We were captured by Chinese bandits and held for ransom. We were finally rescued and for 40 days underwent most terrible travels. We were tortured by a tumor.

The bandits kept me captive for 71 days. We were finally rescued and for 40 days underwent most terrible travels. We were tortured by a tumor.

Ransom Demanded

The bandits demanded a ransom of \$10,000 for our release. We were finally rescued and for 40 days underwent most terrible travels. We were tortured by a tumor.

## The Sporting World

### WILKINSBURG MURDOCKS TO BE SATURDAY ATTRACTION; VICTORY MEANS MUCH FAME

Visitors Are Contenders For State Championship; Lost to Cokers in June.

#### SCOTSDALE TAKES GAME

Another first class baseball game has been arranged for Connellsville sport lovers. The Wilkesburg Murdock team will play here on Saturday and it is an opportunity for the Independents to get into the sport limelight of Western Pennsylvania.

Although the Murdock team met with a 4-1 defeat at the hands of the Cokers here in June the team has added players of real ability. It is understood that "Doc" Twining, formerly a major leaguer, will be on the mound for the visitors. His appearance will give that team added advantage. Herrod will not be in the box for the Cokers, having gone on a vacation, but the management will have a reputable man here.

At the present time the Murdock are contenders for the championship of Western Pennsylvania. According to Pittsburgh sport writers the team is regarded as a favorite. If taken over by Connellsville it will mean quite a feather in the hat of the Independents.

The news of the return of the Murdock is welcomed by many fans who recall that June game here—a baseball contest worth seeing. A repetition is to be expected and another record crowd will be in attendance.

#### SCOTSDALE BEATS WEST PENN. IN TIGHT GAME; SCORE 3-1

The West Penn team was defeated by the Scottdale Independents at Scottdale last evening, 3-1. The game was an interesting one, although there were no thrillers to it. Good solid baseball was played by both teams and worthy support was given both sides.

The Scottdale team drew first blood, scoring two runs in the second inning. West Penn got a man across the rubber in the fourth and the Mill Towners came back in the sixth with another tally which closed the scoring for the game.

#### OVERSEAS WANTS GAMES.

Owensdale defeated Swedtown on Monday evening by a score of 4-3. Owensdale has been winning consistently and would like to arrange games with any first class team.

#### PERHAPS AFTER DATE.

The Pershing Baseball club of Chasport, junior champions of 1919, are after a game with a team in Connellsville or vicinity. The team has victories over Monongahela City, Duquesne Steel, Apollo club and a number of others. The manager can be reached by calling 97 on Bell or by writing to Baseball Manager, 143 Vermont street, Chasport, Pa.

#### CHIEFS.

The West Penn baseball team will play Whitney at Morrell on Saturday, August 21. The game is looked forward to with interest and the West Penn expects to have the banner award of the season present.

Duckler, the sign painter, is doing his share toward keeping the Independents in Connellsville. Each week this sign artist prepares a banner advertising the game and donates it to the club.

It strikes Connellsville fans as very strange that Republic will not accept the offer of the Independent management to play here with a division of the gate receipts 60-40, the big share going to the winner. A recent game between Republic and the Cokers was called off on account of threatening weather and the visiting ball club acted ugly about it, refusing to take a later date for a game.

The Everson shops baseball team is desirous of booking games with good teams. The manager, E. Mallik, of Everson, would like to hear from teams with open dates.

The Scottdale Independents will play the Youngwood baseball team at Louisa park, Scottdale, on Thursday evening.

With the Murdock strengthened greatly since their last trip here, resulting in defeat for them, the Cokers will have to go some to make it another victory.

Cover, who played in right field last Saturday, will be retained by the Independents. He is a fast outer garden man.

Shells Hauser is a real sport. He is donating his services to the ball club, turning out in uniform without any charge whatever to act as utility player.

Gene Frazier, the peppy Independent shortstop, should not be influenced by outsiders so long as the Independent management and fans are satisfied with his work. Gene was missed Saturday.

Ralph Herrod, Coker moundman, has gone on a vacation, the first in four years. He will not be here until the 21st. The Independents are sweet on Pritchard of Leisegang and this had an opportunity to step into the company if he so desired.

## NEWS OF THE DAY. AT MT. PLEASANT BRIEFLY RELATED

### Vacancy in Grade Schools by Reason of Teacher's Resignation.

#### MISS DIXON FORCED TO RETIRE

On Account of Death of Relative; Board Fixes September 8 as Date for Opening of School; Preparations Made on Large Scale for Pageant.

#### Special to The Courier.

MOUNT PLEASANT, Aug. 4.—At a meeting of the school board Monday evening the resignation of Miss Olive Dixon, a grade teacher, was accepted. This leaves a vacancy in the seventh grade.

Dr. M. W. Horner was chosen medical inspector of the schools. The auditors' report was read and accepted. Misses Anna and Opal Berthel, principals of the Third and First ward schools, were given instructions for the term.

The opening date of school was set for September 8.

#### Sunday School Pageant.

The committee composed of Mrs. Black, Greensburg; Mrs. W. F. Stoner, Scottdale; Mrs. Peterson, Jeannette; and Mrs. S. C. Stevenson of this place met at the Eagle street home of Mrs. Stevenson on Monday evening to arrange for the pageant that will be given during the Sunday school convention here. The title will be "The Church," with eight different nations being represented and 50 people in the chorus. Over 200 persons will be in the pageant.

#### Busy Bee Band Picnic.

Mrs. S. C. Stevenson entertained the Busy Bee band of the Re-Union Presbyterian church at her home in Eagle street. Following the meeting a picnic was held on the lawn for the children.

Report on W. C. T. U. Convention. Mrs. D. H. Stoner entertained the W. C. T. U. at her Eagle street home last evening. Rev. Anna Edwards made an address, telling of the inter-county meeting at Ridgely.

#### Carnival Showing.

The firemen are holding their fair just outside the borough limits on the field at Standard this week, with the Hoss-Hayes carnival as the main attraction.

Mrs. Harry Skyles of Cumberland, Md., is the guest of her parents, Mr. and Mrs. Charles Hatfield.

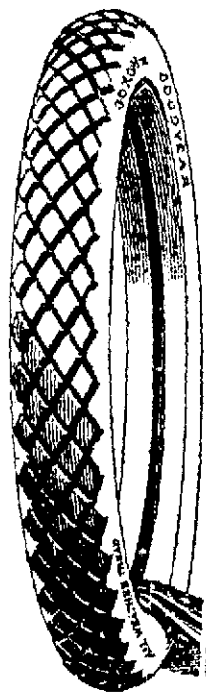

Mrs. Lloyd George and daughter have returned to Uniontown after a visit paid Mrs. George's parents, Mr. and Mrs. John Rose.

Mrs. Shannon Griffith of Michigan is the guest of her parents, Mr. and Mrs. George Stoner.

#### United States Forests.

About one-fourth of the United States, or 550,000,000 acres, is in forests. Forests publicly owned contain about one-fifth of all the timber standing. The remaining four-fifths is privately owned. The original forests of the country covered an area of 850,000,000 acres, and contained a greater quantity and variety of timber than on any area of similar size in the world. The present rate of cutting for all purposes exceeds the annual growth of the forests.

## The Economy of Using Goodyear Small Car Tires

So-called bargain tires, made up for sensational sales and offered at ridiculously low prices, do not attract careful buyers.

They are far more concerned with what they get than with what they pay because they know that in the end it is performance and not price that delivers actual tire economy.

The popularity of Goodyear Tires, of the 30x3, 30x3½ and 31x4-inch sizes, is based on the fact that they deliver exceptional mileage at exceedingly low cost.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires and Goodyear Heavy Tourist Tubes.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly cuttings when such sure protection is available? 30 x 3½ size \$4.50 in waterproof bag

THE UNIVERSAL CAR

Probably there is no other car that every day in the year meets the demand of the Physician quite so satisfactorily as does the Ford Coupe, with its permanent top, its broad seat and deep upholstery, its sliding plate glass windows, by which in a minute the car is changed from a closed car to an open car. While in inclement weather it remains a closed car, dust-proof, water-proof, storm-proof. Equipped with electric starting and lighting system. Demountable rims with 3-1/2 inch tires all around, tire carrier, and embodying all the established merits and economies of the Ford Car. Low in purchase price; low in cost of operation and maintenance; simple, yet sure in operation, and durable beyond any other make of car. Just as useful to the Traveling Salesman, Real Estate Man, Contractor, Builder, and a two-seated family car. Leave your order with any of the dealers listed below.

## THE BIG "3"

You demand three things from a tire dealer.

1. The immediate delivery of the tire you want when you want it.
2. The most economical tire available—a quality tire at a fair price.
3. A convenient Service that will aid you to get all the mileage out of the tire.

With a complete stock of Goodyears and our proved Service we offer you all you could ask.
